This matter comes before the Public Service Commission of South Carolina ("Commission") on the request of Glyphics Communications, Inc. ("Glyphics" or the "Company") to cancel its Certificate of Public Convenience and Necessity to provide intrastate resold telecommunications services in the State of South Carolina. A review of the docket file reveals that Glyphics' authority to provide resold intrastate telecommunications services in South Carolina as a non facilities-based interexchange provider was granted by Order No. 1999-851, dated December 6, 1999.

By letter dated January 5, 2004, Glyphics, through its regulatory consultant, advises the Commission of the Company's desire to withdraw its authority to provide telecommunications services in South Carolina. According to Glyphics, the Company has transferred its entire long distance customer base to another carrier and, accordingly, will no longer provide long distance telecommunications services within any state or federal jurisdiction.

As Glyphics no longer provides the services for which its Certificate of Public Convenience and Necessity was granted, the Commission finds and concludes that

Glyphics' Certificate of Public Convenience and Necessity to provide resold intrastate interexchange telecommunications services within the State of South Carolina should be cancelled.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide resold intrastate telecommunications services within the State of South Carolina as a non facilities-based interexchange provider authorized by Order No. 1999-851, dated December 6, 1999, issued in the instant docket to Glyphics Communications, Inc. is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
